

Attention Alex:

**This is a note concerning the phone
Conversation we had on 4-7-03**

The letter included is the last letter I received from the Patent Office. My letter is in response to this letter. This letter is what I would like you to answer so that I can understand. I am enclosing a copy of the post card receipt I received which shows what I sent you last time. What I don't understand is if you never received or responded to this letter how can my Patent Application be abandoned?

Also, when I spoke with Erica on the phone on 11-25-02 and 1-7-03 she asked me to send my entire application again to her. She informed me I did not owe any more money.

Dear Alex P. Rada,

I have received another letter from the USPTO. I have some questions concerning this letter and the future of my patent application.

1. My first question concerns the letter I received which states that my application number is now 10/308,216. It says is a CON of 09/931,628. Can you please explain what this is and why my application number has suddenly been changed?
2. Also in this letter it states that I have been granted A LICENSE FOR FOREIGN FILING UNDER Title37, Code of Federal Regulations, 5.11 & 5.15. Can you please explain what this means?
 - (a) Is my application accepted or not?
 - (b) Is Foreign Licensing different from actually having a patent application accepted?
 - (c) Can you give me some insight into these matters?
3. Under Notice to File Missing Parts of Nonprovisional Application it states that I owe an additional \$375.00 to complete the basic filing fee for small entity. I spoke with Erica on 11-25-02 & 1-7-03. She had sent a letter saying the \$370.00 filing fee had not been received. I told her I had sent it on 10-22-02. She looked into the matter and told me she had found my check and recorded it. She then told me I would not have to send more money. Erica had also asked me to revise my application and send it to her. After I did so she told me it was fine. Now I am being asked to revise my application once again. Can you tell me why when Erica told it was fine as it is?
 - (a) Do I owe an additional late filing fee of \$375.00? Why was I not told of this before?
 - (b) The letter also states I owe a late filing fee of \$65.00. If I was not told of the \$375.00 additional filing fee how can I owe a late fee?
 - (c) The letter states that I owe an additional claim fee of \$504.00 for 12 independent claims. Can you explain what these 12 claims are and why I was not told of this fee earlier?
4. You are now asking me for additional fees totaling \$944.00. you have also instructed me to do many revisions on my application. I am sending you my application with all the revisions you have asked for. However, I am not sending the \$944.00 fees. I don't have the money right now. My savings have been depleted paying all the fees you have asked of me so far. What I would like is for you to check my application to see if it is correct once and for all. If it is and the \$944.00 fees are the final fees then I will try to raise the money before the deadline. But if my application is not correct and you think it will need more revisions and require more fees in the future please tell me and I will abandon the application now.

Yours sincerely,

Jack Martin

**LICENSE FOR FOREIGN FILING UNDER
Title 35, United States Code, Section 184
Title 37, Code of Federal Regulations, 5.11 & 5.15**

GRANTED

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

NOT GRANTED

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).
